

# Sarah Easter Collins

I am a painter based in Luccombe, where the watery skies and constantly changing colours of Exmoor are a source of constant inspiration for me.

I have previously lived in Botswana, Thailand and Malawi and I feel that the echoes of those wild and beautiful places are always there in my current paintings.

I am fascinated by what different combinations of media and materials can do. I work with layers of opaque paint in combination with swathes of flowing, transparent ink. Sometimes I might wash certain parts off again. I like the idea of a painting having a history and being able to look back down through the layers of media to the earlier stages of a painting.

## Available: original paintings, prints and cards.

Original paintings start at £180 for an unframed painting. Please see my website for details of available paintings or contact me direct.
