FOTOSPEED FOR PHOTOPAPERS: FINE ART AND GLOSS

<https://fotospeed.com/paper/book-making.html>

- Natural Textured Soft White is one I use a lot and a good start, or you can get mixed trial packs which are fun.
- <https://fotospeed.com/nst-bright-white-315.html>
- You should ideally download the paper profile for your printer and Fotospeed will provide this for free. This helps get the colours/tones as close to what you see on your screen if you have the facility to soft proof
